

## ACO11 Polyclonal Antibody

|                     |                                                                                                                                                                                       |
|---------------------|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Catalog_no :        | AN0402                                                                                                                                                                                |
| Applications :      | WB,ELISA                                                                                                                                                                              |
| Reactivity :        | Human,Mouse                                                                                                                                                                           |
| Category :          | 抗原抗体                                                                                                                                                                                  |
| Size :              | 100µg/50µg/20µg                                                                                                                                                                       |
| Gene_name :         | ACOT11 BFIT KIAA0707 THEA                                                                                                                                                             |
| Protein_name :      | Acyl-coenzyme A thioesterase 11 (Acyl-CoA thioesterase 11) (EC 3.1.2.-) (Acyl-CoA thioester hydrolase 11) (Adipose-associated thioesterase) (Brown fat-inducible thioesterase) (BFIT) |
| Humanswissprot_no : | <a href="#">Q8WXI4</a>                                                                                                                                                                |
| Immunogen :         | Synthesized peptide derived from human protein . at AA range: 290-370                                                                                                                 |
| Specificity :       | ACO11 Polyclonal Antibody detects endogenous levels of protein.                                                                                                                       |
| Formulation :       | Liquid in PBS containing 50% glycerol, and 0.02% sodium azide.                                                                                                                        |
| Source :            | Rabbit                                                                                                                                                                                |
| Dilution :          | WB 1:500-2000 ELISA 1:5000-20000                                                                                                                                                      |
| Purification :      | The antibody was affinity-purified from rabbit antiserum by affinity-chromatography using epitope-specific immunogen.                                                                 |
| Concentration :     | 1 mg/ml                                                                                                                                                                               |
| Storage_stability : | -20°C/1 year                                                                                                                                                                          |
