

## B3A4 Polyclonal Antibody

|                     |                                                                                                                             |
|---------------------|-----------------------------------------------------------------------------------------------------------------------------|
| Catalog_no :        | AN0449                                                                                                                      |
| Applications :      | WB,ELISA                                                                                                                    |
| Reactivity :        | Human                                                                                                                       |
| Category :          | 抗原抗体                                                                                                                        |
| Size :              | 100µg/50µg/20µg                                                                                                             |
| Gene_name :         | SLC4A9 AE4 SBC5                                                                                                             |
| Protein_name :      | Anion exchange protein 4 (AE 4) (Anion exchanger 4) (Sodium bicarbonate cotransporter 5) (Solute carrier family 4 member 9) |
| Humanswissprot_no : | <a href="#">Q96Q91</a>                                                                                                      |
| Immunogen :         | Synthesized peptide derived from human protein . at AA range: 740-820                                                       |
| Specificity :       | B3A4 Polyclonal Antibody detects endogenous levels of protein.                                                              |
| Formulation :       | Liquid in PBS containing 50% glycerol, and 0.02% sodium azide.                                                              |
| Source :            | Rabbit                                                                                                                      |
| Dilution :          | WB 1:500-2000 ELISA 1:5000-20000                                                                                            |
| Purification :      | The antibody was affinity-purified from rabbit antiserum by affinity-chromatography using epitope-specific immunogen.       |
| Concentration :     | 1 mg/ml                                                                                                                     |
| Storage_stability : | -20°C/1 year                                                                                                                |
| Msds :              | <a href="#">MSDS_Antibody.pdf</a>                                                                                           |
| Molecular Weight :  | 108KD                                                                                                                       |
